Minds
Ahead

Half of all Derby City schools have now started training a Designated Senior Lead for Mental Health.

In all, 93 schools have completed their booking forms to become part of the programme. The initial training was a great success, with schools commenting on the great networking opportunities and the clear information and resources provided.

If your school is one of those not yet signed up, then please get in touch with Ingrid or Leeds Beckett as soon as possible (details below). There were some really positive comments from the day.

“A great deal of relevant information was presented”

“A wealth of ideas and systems available “

“Great networking and information”

“Lots of good information and useful to discuss with other schools”

If you are one of the schools to have completed day 1 of training and returned your diagnostic, please get in touch to receive your initial £500 of grant funding for your school.

Please get in touch as soon as possible to arrange your first payment!

Thank you to those who contributed to the web portal consultation.

We have taken on board the request from schools to have a new, school led, local website. Schools have said that they want a community button for sharing best practice and with clear signposting with links to local and national websites. If anyone is interested in attending the next consultation, then please let us know.

· *“The appeal of a local site is in sharing practice.”*

· *“What we need is links to these (National charity websites) on a local site.”*

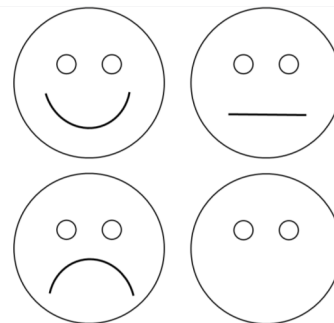

· *“We would want something that gives help and advice at an earlier stage, not once you’ve already diagnosed the issue”*

· *“We need something proactive, not reactive”*

For more information please contact Ingrid Sanfey, Project Manager on 07956 308857 or email ingrid.sanfey@redwood.derby.sch.uk

To book onto training, please contact derby@leedsbeckett.ac.uk
